

E-Commerce Services

The Simple Way To Sell Digital Products Online!

Serving the online marketplace since 2002, we've set the standard for real-time E-Commerce solutions and consumer confidence. With no set up fees and competitive pricing, we offer an affordable, feature-rich and ready to use solution to get small and medium sized businesses up and selling quickly and easily.

What makes EC Suite E-Commerce different from other providers?

- We truly are Turnkey: All our systems are integrated and easy to implement – no complex programming required!
- We Are Experts: With over 10 years of online processing experience, we stay compliant with all Card Association and Processing Regulations so that your transactions and your sales run 24/7!
- A Strong & Trusted Affiliate Network: Our Affiliate Network System incorporates powerful traffic tracking tools to collect valuable marketing data including Referring URL's and Detailed Hit Information.
- An EC Suite Digital Store Front Solution with Shopping Cart /Download Manager and a Shared Hosting Account is Complimentary with each E-Commerce Account.
- Our Pricing is Simple: Our pricing is based on transaction volume, so you only pay as you go!
- There is NO Set Up Fees: You get up and running without additional or hidden fees!
- We Pay You WEEKLY!

We help you give Consumers what they want!

With EC Suite you can sell your applications, games, music and video directly from either your website or from your "Free Hosted" EC Suite Digital Store Front using any of the following consumer-based pricing models:

About EC Suite

EC Suite offers a total e-commerce solution that makes it simple to get digital "assets" such as applications, games, music and video online and selling. With our ready-to-use, full service e-commerce, protection, digital distribution and delivery solution you get to market quickly with nearly zero up-front costs or investment!

One Source – One Call Client Support Center

With EC Suite, you can forget about the challenges usually associated with managing multiple service providers. We offer an integrated service philosophy...when you have an issue or a question, our full-service **Client Support Center** is just one call or email away and available 24/7 to handle all your technical and account needs.

Media Manager Admin with High Performance Reporting

Manage your EC Suite account and all your product resources from one web-based admin system: Media Manager. **Media Manager** provides access to a myriad of tools, reports and technical documentation to easily manage, protect and track your assets and sales, all from one location, and when it is most convenient for you and business resources.

EC-Suite Affiliate Network & Services

Our **Affiliate Network & Services** are exclusively available to **EC Suite** clients at no additional charge. By implementing a successful affiliate marketing program you can build a powerful network of affiliate websites who actively refer high-quality traffic to the products on your website. We provide advanced traffic tracking tools and robust reports to help you manage and edit affiliate data and set up individual commission rates for either unique affiliates or groups. You control the set up and we handle the management, including tracking your referrals and managing payouts to your affiliates for you.
