Unparalleled Opportunity

Maximizing our Individual Strengths!

We are EC Suite, a wholesale solutions provider of IP Transit and Hosting services, affording Tier 1 Networks since 1996. Marked by continual growth, proven reliability, innovative security, and 24/7 customer service, we are the savvy choice for businesses worldwide. Founded behind an industry leader, EC Suite is a high-tech, Internet-based organization located in Tempe, Arizona. Combined, we are one of the longest running, privately-owned hosting companies in the world today.

Over the years, we at EC Suite have built a powerful IT infrastructure allowing us an understanding of the special challenges and critical nature of managing enterprise-level systems. With more than 400 employees supporting thousands of businesses around the globe, we can respond with specialized network services such as, business continuity, data backup and recovery, custom server builds, IP Transit, colocation, proactive network security, electronic payment processing and 24/7 monitoring. Today, companies around the world can take advantage of our expertise, facilities and equipment.

The "suite" of products and services EC Suite offers range from electronic payment processing solutions to global networks. All of our solutions can be customized to fit any size business from start-up to enterprise solution.

Our Experience Can Help Leverage Your Success!
